This chart shows all fixed rates, inflation rates, and composite rates for all Series I savings bonds issued. Find rates for your bond by locating its issue date in the far left column. Then . . . – The fixed rate is in the next column to the right. – The composite rate for each six-month interest period appears across the table, from left to right, beginning in the column to the right of the column for fixed rates. – The inflation rate for each six-month interest period appears on the bottom row of the table.

More information:

– How is the composite rate determined?

– When do the inflation rate and composite rate for my bond change?
